

To All Advertising Agencies & Clients

Dear Partners,

We are thrilled to unveil the powerful upgrade to our landmark Burj El Ghazal location.

We have elevated this iconic address by pairing our renowned Pole LED screen with a dynamic, angled Rooftop LED screen next to it. Together, they create 48 sqm of synchronized, high-definition visual advertising real estate dominating Beirut's main traffic artery. This upgraded dual-screen placement delivers an unmissable, continuous brand experience with maximum market coverage.

We look forward to helping your brand achieve prime visibility at this high-impact hub

Location: Burj El Ghazal

LE RESEAU
